FunRide is a unique car sharing service that offers exclusively alternative fuel and hybrid vehicles to lease on an hourly basis. We are committed to saving you money in your transportation budget while keeping our air clean and reducing our dependency on foreign oil. FunRide vehicles are now available for our members. Happy Holidays from FunRide!

From all of us at FunRide, we would like to wish you a Merry Christmas and a joyous holiday season. This year has been very exciting for us with the launching of our car sharing service. We would like to thank all our members and the community for all your support. We are looking forward to major growth in the FunRide service in San Luis Obispo County in the next year. Don't forget about your New Year's resolution to combat climate change. Joining FunRide should be part of that resolution. So go to our website at www.myfunride.com and find out how easy the FunRide service is to use.

SLOCOG Joins FunRide

The San Luis Obispo Council of Governments has become the latest business to join FunRide. Their annual membership is just \$120 and their employees can use FunRide to do their business related transportation. The employees can also open their own personal FunRide account to use the FunRide vehicles to go out to lunch or run errands. SLOCOG has employees that rideshare to work and will have a natural gas Civic within 30 feet of their parking lot to use at any time. Welcome to SLOCOG and thanks for being a part of our green, car sharing service.

FunRide Is Looking for a Truck

FunRide is searching everywhere to add a small pick-up truck to our fleet, so our members can lease a truck by the hour to meet their hauling needs. We are looking for a truck that is not too big, so our members will be comfortable driving it. We are looking at the E-85 Dodge Dakota and we hope to have the truck available some time in January. We have relocated our 2009 natural gas Honda Civic to behind 1120 Marsh Street building by the Bank of America.

FunRide Tip: Leave the Vehicle Key in the

look forward to the new alternative fuel vehicles that will be arriving in 2010. We are looking forward to improved fuel infrastructure in San Luis Obispo County to support these new vehicles. We are excited about opening FunRide operations in Sacramento, Denver, and Los Angeles in 2010. Have a wonderful holiday and a green New Year!

Sincerely,

Mark T. Shaffer
